

REMARKS

The Examiner subjected claims 1-30 to a restriction requirement. The Examiner stated that the application contains claims directed to the following patentably distinct inventions:

- I. Claims 1-23, drawn to an electronic assembly, classified in class 174, subclass 52.4; and
- II. Claims 24-30, drawn to a method of making the assembly, classified in class 29, subclass 840.

The Examiner required Applicant under 35 U.S.C. §121 to restrict the application to one of the above inventions.

Applicant has elected Group I for prosecution on the merits, without traverse, and has accordingly cancelled claims 24-30 which were directed to Group II.

Applicant believes that the above remarks are fully responsive to the Office Action dated November 18, 2004. If the Examiner has any questions, Applicant respectfully requests that the Examiner contact the undersigned by telephone at (408) 720-8300.
